Advantages of the Diploma Program

In addition to the academic curriculum, this course includes a session specifically dedicated to the preparation of the DELF B2 or DALF C1 exam (depending on the student's level). This session of ten 45-minute lessons (for a total of 7.5 hours), consists of two 5-lesson sessions. The school can register the student for the exam but the cost of the exam is in addition to the cost of the course (allowing students to take the exam in a city other than Paris if they wish).

Preparation session dates for the 2021-2022 school year: May 7 and 14, 2022 (Saturdays).

Advantages of the Certification Program

This program includes a registration for the TCF (Test de Connaissance de Français) exam at the end of the program in our exam center. Students receive an official certification with their results from FEI (France Education International), part of the Ministry of National Education.

The date of the TCF session is communicated to students during their last trimester.

Included Materials

Prices include all pedagogical materials. There are no books to buy.

Administrative Fees

Administrative fees for the academic year are 55€.

Au-Pair Orientation Program

Already in Paris in September? Take advantage of 2 weeks of cultural outings to discover Paris, meet other au-pair students and speak French in a friendly and fun atmosphere!

Students are divided into general level groups (elementary, intermediate and advanced) so that there is pedagogical coherence but also a mix among students (allowing students to meet others who may later be placed in different classes).

Starting at 10:00 for 2 or 3 hours depending on the activity

- ⇨ **Dates:** Tuesday 7, Thursday 9, Tuesday 14 and Thursday 16 September 2021
- ⇨ **Activities**: 4 outings, 4 themes: a market, a museum, a park, a Parisian neighborhood
- ⇨ **Price**: 65 € for the 2 weeks (students must enroll in at least one trimester of our au-pair classes)

Places are limited!

PEDAGOGY

Our teaching method is communicative and based on active participation by students. Professors use varied authentic documents and also create custom course materials. After each class, students have homework to do which is then corrected by their professor. Students therefore have an even written and oral level, allowing them to take official exams like the TEF, TCF, DELF or DALF.

For all of our programs:

- ⇨ Learning objectives are validated throughout the program via homework and regular exams
- ⇨ Cultural outings are included in the program
- ⇨ All pedagogical material is provided by the institute (there are no books to buy)

REGISTRATION PROCEDURE

Registration is not considered to be complete unless, **before 3 September 2021:**

- ⇨ A minimum of one trimester of classes + administrative fees have been paid in full
- ⇨ The student has completed the placement test (an online test sent by email to the student once payment has been made)
- ⇨ Enroll early; registrations are accepted depending on availability.

EXAM CENTER

Etoile Institut is a recognized TCF exam center. This official exam offers students an evaluation of their level that is recognized by various entities like French universities, immigration offices (la Préfecture), etc. A special rate is offered to our students. More information on dates and prices is available at the office. Please note that this exam is included in the Certification Program.
