FRENCH LIFE

Live & Learn France

*50 years in the service
of French language learning*

Etoile Institut de Langue, an institution of higher education, opened its doors in 1971. Its field of expertise is the teaching of French. The French courses for foreigners (French Language and Civilization) given by Etoile Institut de Langue **have been recognized as higher education since 2000**.

Since 2010, our courses in French as a Foreign Language have been awarded as **Label Qualité Français Langue Etrangère (FLE)** with all the stars in the 5 fields:

TRAINING

TEACHING
TEACHERS

WELCOME &
SUPPORT

PREMISES - SECURITY
EQUIPMENT

MANAGEMENT

This label is a quality assurance process initiated by three French ministries: the Ministry of Higher Education, Research and Innovation, the Ministry of Culture and the Ministry of Europe and Foreign Affairs.

Our French as a Foreign Language courses are also certified by **Qualiopi**, a certification in the field of professional training issued by France Compétences. Thanks to these recognitions and to our know-how, several American universities have placed their trust in us, granting credits to their students following their course at Etoile.

Our courses

L'Initial and **Le Certifiant** are offered in a standard curriculum based on 20 lessons (15 hours of classes) per week in a classroom setting, complemented in an intensive curriculum by a 6-lesson (5-hour) **Online Culture module** on our dedicated online platform. This module is an on-line cultural immersion designed by our teachers. Each week, a new topic is covered, allowing you to acquire a deep and immediately useful understanding of French culture and current events. All the students enrolled in the Certifiant program take the TCF (Test de connaissance de français) at the end of the course.

Le Diplômant program is offered in an intensive formula. At the end of the 18 or 36 week course, students take the DELF (Diplôme d'études en langue française) or the DALF (Diplôme approfondi en langue française) at a partner university. The TCF, DELF and DALF are examinations designed by France Education internationale and recognized by the French Ministry of Education.

La Prepa or **higher education preparation program** includes a minimum of 360 hours for the French course, supplemented by 96 hours for the Skills course (training in academic methodology and preparation for employability) and 25 to 60 hours for the Introductory course in your chosen field of specialization.

These courses are complemented by a 3-hour per week preparation **module for higher education** on a dedicated online platform. They are accompanied by a monthly and individual follow-up of the progress of each student.

All of these courses take place from Monday to Thursday. Fridays are free or reserved for the Skills or Specialty Pathways and for taking mandatory exams, tutorials or official tests.

Live & Learn France

Courses dedicated to your success

L'Initial

This course is for anyone who wants to **discover**, refresh or **improve** their level of French for **a short period of time**, from 1 to 8 weeks. Step by step! Complex grammatical structures are introduced as well as the acquisition of a rich vocabulary allowing you to navigate through all situations of everyday life. At the end of this course, you will have the opportunity to take **an official certification**. It is possible to start this program every Monday except for the beginner levels which start on the dates indicated in the calendar.

Le Certifiant

This program is **designed to help you pass the TCF** (Test de connaissance du français), an official test issued by the French Ministry of National Education, Higher Education and Research. The TCF (Test de connaissance du Français) is an official test of general French language level. It evaluates your French and positions you on one of the 6 levels of the scale defined by the Common European Framework of Reference for Languages (A1, A2, B1, B2, C1, C2). The TCF results in a certificate that is valid for 2 years.

Whether for professional or academic reasons your course is validated by an official certification recognized by French universities that accept students who have reached the B2 level. **Each week TCF sessions are organized at the school to facilitate your registration**. As with the Initial, it is possible to start this program every Monday except for the beginner levels which start on the dates indicated in the calendar.

Le Diplômant

This course **prepares you for the DELF** (Diplôme d'études en langue française) and **the DALF** (Diplôme Approfondi en Langue Française). The DELF and DALF are two official diplomas issued by the French Ministry of Education. There are 6 diplomas corresponding to the 6 levels of the Common European Framework of Reference for Languages: DELF A1, DELF A2, DELF B1, DELF B2, DALF C1 and DALF C2. Depending on your progress and the duration of your training, at the end of your course, you will be directed towards a DELF A2, DELF B1, DELF B2 or DALF C1. This fixed-date program is offered over a period of 18 or 36 weeks. Obtaining a diploma at level B2 or higher gives you the possibility of entering a university in France without an additional language test. It is also a real asset for a professional career in France or abroad.

La Prépa

The secure way to succeed in your studies in France. With our expert partner Quantum Pathway Academy, your file is presented to the major schools (business school, engineering school, culinary school, design school...) even before you leave for France.

- If you are accepted, you will receive pre-admission to a degree program, subject to objective criteria for success in the preparatory program: a B2 level, an oral exam at the end of the program, and success in the program's exams. You leave for France with a clear mind, a project without surprises, and precise objectives!
- You want to follow the program without pre-admission? You can always be presented and prepared for the jury of our partner schools at the end of the preparatory program. This is a **solid foundation** for building your plan for success.

You will focus on language, methodology and skills related to your field of specialization in order to enter a top school. You will develop a foundation of key knowledge to activate your potential and give you the means to succeed in your studies and your first professional experiences. At the end of the program, **you will be equipped to pursue your studies** like other students and successfully graduate!

French & Photography

Program offered in **partnership with Spéos**, a private school of higher education.

For 35 years, Spéos has been **the reference school for the photography profession** and the leader in higher education for professional photography in France. This school is also internationally recognized and has been ranked in the Top 5 of the best photography schools in the world for several years by various independent rankings.

During the summer, this program offers you the opportunity to study French and to learn about photography with 15 hours of photography workshops per week combined with 15 hours of French and 6 lessons of Online Culture.

Ready to take great pictures in one of the most inspiring cities in the world?

Need more training?

Private lessons

After a placement test and an analysis of your needs with your teacher, he or she will develop a course adapted to your profile. Whether you are a beginner or an advanced speaker, you will find in our private lessons a tailor-made answer.

Combined courses

You wish to improve your level of French **through group courses**? Why not complement them with private lessons in general French or French for professional purposes? Our **combined programs** are the ideal solution: Business, Diplomacy, Legal, Hotel, Medical or Tourism...

Complementary preparation for the DELF B2 & DALF C1 exams

Before the exams in Paris, Etoile Institut offers you a preparation for the DELF B2 and the DALF C1. This preparation is spread out over two Saturdays and allows you to **calmly approach the exams** that will take place at the end of the course.

You have the possibility of taking it in addition to any of the following courses.
