Culture and current events is an **online self-learning platform** offered in the Intensive formula. Each week, a different theme is discussed, reflecting French or French socio-cultural news, linked to an important moment in the history of France or its heritage. By following this module, the student acquires an immediately useful understanding and in-depth knowledge of French culture, through a graduated program and resources calibrated to his level. The student can log in **without any time constraints** to our 100% online interactive program, with a content which is published every Monday. Audio documents, videos, various activities allow you to optimize, independently, your oral and written comprehension skills, with a massive contribution of vocabulary. To validate the knowledge acquired, 2 quizzes are offered: the first dealing with online documents, the second requiring personal research on the subject.
