## What is Culture and current events?

Culture and current events is an **online self-learning platform** offered in the Intensive formula. Each week, a different theme is discussed, reflecting French or French socio-cultural news, linked to an important moment in the history of France or its heritage. By following this module, the student acquires an immediately useful understanding and in-depth knowledge of French culture, through a graduated program and resources calibrated to their level. The student can log in **without any time constraints** to our 100% online interactive program. A variety of activities enable them to independently optimize their oral and written comprehension skills, with a massive input of vocabulary. To validate the knowledge acquired, an oral presentation is made during the monthly tutoring session.
